

monster mats

The toughest, most economical tee pad solution for the sport of disc golf.

Neglected or poorly-constructed tee areas can generate ongoing maintenance headaches as well as poor quality of play.

Monster Mats are quick and easy to install.

Exclusive Loktuff® design and structural integrity of the 3/4" dense rubber provides for a cohesive, durable tee pad solution that beats all other mat solutions hands down.

- ✓ Extremely durable and long-lasting tee pad surface for the sport of disc golf – preferred by players of all levels
- ✓ Significantly reduces erosion and virtually eliminates continuous wear and damage from disc golfers driving off the tee pad
- ✓ Ideal disc golf tee pad solution for parks and recreation departments, schools, and universities
- ✓ Save thousands of dollars in annual maintenance costs
- ✓ Environmentally friendly and much safer than concrete
- ✓ Mats have a non-porous, non-skid surface, will not curl, and are able to survive freeze-thaw cycles
- ✓ Low-impact on the environment – easy to relocate for maintenance reasons and/or to create variety in play
- ✓ Warranted up to 5 years against manufacturer defects
- ✓ Combine and interlock mats in a variety of tee pad configurations: 4'x6', 6'x8', 6'x12' or 6' x 16'
- ✓ Mats are available in 1/2" or 3/4" thicknesses (3/4" recommended)
